

CHICKENS ON THE GO!

RACE OR CULTURE?

Two things make people different from each other: race and culture.

RACE is the way we were born, the way our bodies look. We cannot change our race.

CULTURE is the way we do things. It is the way we were taught. As we learn new things and new ways to do things, our culture can change.

Below is a list of things that make us different from each other. Place an **R** beside the word if it is race, and a **C** beside the word if it is culture.
